Industrial Relations | Ministry of Labour & Employment

Labour law arose in parallel with the Industrial Revolution as the relationship between worker and employer changed from small-scale production studios to large-scale factories. Workers sought better conditions and the right to join a labour union, while employers sought a more predictable, flexible and less costly workforce.The state of labour law at any one time is therefore both the product ...

Labour Law - Wikipedia

All of the laws regulating the conditions under which employees work for employers are called labor and industrial law. The many issues controlled by this body of law include hours of labor, child labor, minimum wage, unemployment insurance, and the rights of collective bargaining by labor unions. Labor and industrial law also deals with worker safety and health, workers’ compensation, disability insurance, and social security.
